Webinar Overview

- Online Portals in Healthcare
- Introducing PeerPoint[®]
- External peer review on the Web
- Demo
- Next Steps
- Questions & Answers

Online Portals are Transforming Healthcare

- Healthcare organizations are looking to reduce costs, improve efficiency, integrate business processes with service providers
- Outsourcing across the web is already widespread: credentialing, training, quality management, data analysis, accounting, accreditation, etc.
- Web-based external peer review is the next logical step
 - Enables anonymous case review from remote locations
 - Paperless workflow reduces/eliminates need to pull and copy medical records
 - Data aggregation & benchmarking opportunities

PeerPoint: The Most Advanced Medical Peer Review Portal on the Market

PeerPoint® is AllMed's state-of-the-art technology platform that is designed to deploy medical review services to both payer and provider organizations.

- Send, track & receive cases online
- Simple setup and account profiles
- Streamlined digital workflow
- Case-related communications
- Reporting services
- Quality rating system
- World class data security
- Robust application architecture

AIIMed External Peer Review Offerings

PeerScore FPPE^(sm)
Focused Narrative Review

Focused, in-depth physician performance evaluations, with narrative Hospital Peer Review Reports

Used for focused reviews of individuals or groups of practitioners

PeerScore OPPE^(sm)
Ongoing Physician Performance Review

Provides a numerical scored summary physician evaluation at regular intervals (quarterly, semi-annually, annually); used to proactively measure & monitor performance

Provides graphical reports that benchmark individual specialists to others at the hospital, regional or corporate levels

PeerScore FPPE: Focused Narrative Reviews

PeerScore FPPE is AllMed's focused narrative review solution

- Used for in-depth evaluation of cases
- Used for sentinel event follow-up or other types of focused reviews
- Single or multiple cases
- Single practitioner or practice group

PeerScore FPPE: Focused Narrative Reviews

Common Uses of PeerScore FPPE Include:

- Following up on concerns identified on cases reviewed through PeerScore OPPE
- Performing in-depth follow-up on sentinel events or other issues of concern regarding credentialing of new practitioners
- Re-credentialing of existing medical staff
- Adding new privileges
- As an effective substitute for proctoring

PeerScore FPPE Demo

Next Steps

- Existing clients: case submitter sign-up forms will be sent to you this week or next
- Fill out and return forms to AllMed
- Case submitters will be sent log-in/password information via email
- New clients: call (800) 400-9916 to discuss
- PeerScore FPPE cases have been processing in PeerPoint since March 28th - all cases submitted after that date are available for download
- To watch the PeerPoint demo video, [CLICK HERE](#).

Questions and Answers

Please use the questions box within the GoToWebinar tool bar, usually located on the right side of your screen towards the bottom of the gray bar.
